REVIEW OF THE WILMINGTON MARKET. FOR THE WEEK ENDING SEPTHMEER 5TH, 1860.

TURPENTINE.—On Thursday last there was considerable activity in the market for this article, which resulted in an pool Sack, \$1 40 @ 1 50; Turpentine—Yellow dip, \$2 10 @ 2 15; Virgin, \$1 65 @ 1 75; Hard, \$0 85 @ 0 00; Spiradvance of 10 cents being obtained on yellow dip, and sales were effected at \$2 65 for yellow dip, \$2 12 for virgin, and \$1 324 for hard. Since then, however, buyers have shown no disposition to purchase unless at lower prices, and the DR. ARRINGTON is pleased to inform the market has been unsettled, closing quiet on Tuesday at a

Monday, 536 2 00 2 50 1 25 Tuesday, 807 1 92 a 1 96 2 40 a 2 45 1 20 a 1 22½ Wednesday . 320 1 92 2 40 1 20 Spirits Turpentine.—Since our review of Wednesday last the market has ruled quiet, and the transactions have been small; prices, however, ruled steady up to this morning, when a lot of 50 bbls. sold at 361 cents for straight—

which is a decline of half cent. At the time of closing our report buyers seem but little disposed to operate unless at lower figures. We quote sales for the week of 2,051 bbls., 100 " " 38 " " 46 44 44 250 ** ** 38

Wednesday, 150 bbls. at 37 cents per gallon. Thursday . . 400 " " 37 " " " Rosin.—We have no change of importance to report in the market for this article during the week ended to-day.— For fine Pale there has existed a moderate demand, but in the absence of stock no sales have taken place. We quote

nominally at \$2 50 to \$3 per bbl. For low grades No. 1 and 2 there has been some enquiry, and the market rules steady at former quotations. We quote sales of 1190 bbls. No. 1 at \$1 25, \$1 50, \$1 75 a \$2, and about 700 do. No. 2 at \$1, \$1 05, \$1 10 a \$1 12 per bbl., as in quality. For the Common article the market rules about the same as last reported; buyers are offering \$1 05 per 310 lbs., and sellers generally are holding for higher figures. We quote sales of 12.-

800 bbls., as follows: Wednesday,.... 1,000 bbls. at \$1 05 per 310 lbs. Thursday, 5,000 1 05 Friday, 1,600 1 05 Tuesday, 2,200 " " 1 05 " " " TAR—Continues to be brought to market slowly, and

in fair demand for shipment. Only one small lot (39 bbls.) received for the week and sold at \$2 per bbl. On Thursday last, a lot of 400 bbls. (in shipping order) sold at \$2 25.

BREF CATTLE AND SHEEP.—The arrivals of beeves continne meagre, and the stock in butchers' hands has become reduced in consequence; it is, however, fully sufficient for present wants. We quote a fair demand, and one or two small lots of ordinary quality grass fatted have sold at 5½ to 6 cents;—a prime article would sell higher. For Sheep there is a fair enquiry, and owing to the small receipts butchers have only a light stock on hand. We quote at \$1 50 to \$250 each, as in quality.

BARRELS.—For empty Spirits Turpentine barrels the mar-

ket remains without change. The supply of inferior and or-dinary quality is fully fair, while prime are in light stock and are enquired for. We quote only small sales during the week at \$1 25 to \$1 30 for lots as they run, and \$1 80 to \$1 85 for selected country make. For New York make there is a brisk demand, and parcels sell readily at \$2 10 a \$2 15 for second hand and new. COTTON—None arriving, and only one or two small parcels on market. A small lot (29 bales) sold on Tuesday at 104

cents per lb. for middling. COFFEE—For this article the market rules about the same as last reported. The stock in dealers' hands continues light, and prices rule firm. We notice a moderate demand, but have to report only small sales from store during the At Hat and Cap Emporium. MYERS & MC COFFEE-For this article the market rules about the same week at prices quoted in our table. COEN MEAL—'s in fair demand for retailing purposes, and the market is rather poorly supplied—the supply consisting of parcels in the granaries. We quote at 90 a 95 cts. per

market is poorly supplied with all descriptions. See table for store quotations. A few small lots of Mullets (in all about 50 bbls.) have been received during the week, and ound quick sale from vessel at \$6 50 for pine, and \$7 for oak

FLOUR-Owing to the meagre arrivals for some week past the stock in first hands continues very light, and is parely adequate for present wants :- this fact, together with the favorable advices from abroad, has imparted more firmness to the market, and prices of State brands have advanced a shade. There is a moderate demand for retailing purposes, still dealers purchase only in lots sufficient for immediate use, in anticipation of a decline. The sales have been confined to a few small lots at \$8 a \$8 25 per bbl. for superfine- the market closing at lowest price. Several parcels of Northern have arrived and gone into store, and are selling at \$7 50 for superfine. GUANO-Is in moderate demand, and we notice a fair sup-

ly in dealers' hands. Sales have taken place from store furing the week at the following quotations, in lots of one ton and upwards : No. 1 Peruvian \$60 ; Reese's Manipulated \$52; American \$40; Sombrero \$35; Super-Phosphate of Lime \$50, and Land Plaster \$10 per ton of 2000 lbs. GRAIN .- For CORN the market remains without material change. The arrivals for some weeks past have been moderate, and at present there is a heavy stock in dealers hands; the bulk, however, is of inferior and ordinary quality .-About 16,250 bushels have arrived since last review, of which 8,100 do. came to order, and have gone into store. and 6,350 do. sold as follows: 3,150 bushels heated at 65 a | zaux'; with 300 sacks salt. 674 cents; 2,200 do. at 724 cents; and 900 do. at 74 cents per bushel;—the balance is unsold.——OATS—Several lots R. Blossom; with 1900 bush. corn. have been received by dealers during the past week or two, Schr. Sally Ann, Rose, from Hy and the market is at present very well supplied. One lot of 100 bushels sold from store on Monday at 50 cents per -PEAS-We hear of no receipts of either kind since our last. A moderate stock remains in the hands of dealers, and there is merely a retail business doing. See table for quotations. RICE-The market is rather poorly supplied with clean, and the advices from abroad have somewhat tended to strengthen it, and prices have an advancing tendency. We quote from first hands at 43 cents per lb.

HAY-In the absence of receipts we have no transactions to report since our review of Wednesday last. The market is well supplied with both Northern and Eastern, and rules quiet at former quotations, for which we refer to our table. LIME-None has been received here for some time, and in consequence former arrivals have been nearly all worked off, and there is scarcely enough in the hands of dealers to supply present wants. We quote common lump from store at \$1 to \$1 10 per cask, according to quality. MOLASSES-There has been merely a retail business doing

in this article for several weeks past, and the market is very well supplied. We quote small sales of Cuba from wharf 24 to 26 cents per gallon, in hhds. POULTRY-The market is very poorly supplied, and prices rule high. Chickens are selling at 15 to 25 cents, as to size. PROVISIONS-In the market for N. C. cured BACON we have no material change to report since our last review .- | to Harriss & Howell; with mdze. The receipts continue meagre for the season, and the stock n dealers' hands is unusually light. There is an active demand from retailers, and high prices are readily obtained for prime quality. About 15,000 lbs. have been received mont; with naval stores. for the week, which found ready sale at 134 a 14 cents for hog few weeks have been principally of small parcels, and there is only a light stock on market. We quote sales from store at prices ranging from 111 to 114 cents for about 11 to 131 to 131 cents per lb. for sides. ____LARD_In the absence of receipts worthy of report the stock of both N. C. and Western make has become materially reduced, and is con-Western make has become materially reduced, and is confined to small lots in the hands of retailers ;—a brisk demand | E. exists, and parcels are easily sold on arrival. We quote the as in quality. - Pork-The market is only moderately supplied with Northern, and recent advices have caused prices to advance a shade, and the market closes firm with a further upward tendency. We refer to our table for store quotations, at which sales have taken place since our last. SALT-The supply on market has become nearly worked off, in the absence of arrivals worthy of report, and we notice a fair enquiry for Liverpool ground. A lot of 300 sacks 5—Schr. Geo. W. was received coastwise on Friday last, and sold at \$1 05 per & B. G. Worth; with mdze. sack, cash. SHINGLES-Have been in moderate demand since our last,

and several small boat loads of Common have found quick sale at \$3 to \$3 25 per M., as in quality. No sales of Contract, and we quote nominally at \$5 50 to \$6 per M. TIMBER—There continues to be a fair demand from millers for prime quality, and but little is now being brought to market. Only 4 a 6 rafts have been received, but no sales. FREIGHTS-In coastwise rates we have no change of importance to report. There are plenty of vessels in port, and the market rules quiet. See table for prices. We learn B. G. Worth; with 483 bbls. spirits turpentine, 767 do. rosthat a Barque was taken up for Philadelphia a day or two in, 1 box mdze. since at \$5 per M. on boards.

SALISBURY, Sept. 4 -Bacen 10 a 111; Beeswax 20 a rosin. ONLY PREPARATION EXPEL THE DOUBTS

OF ALL FOR STATESMEN, Judges, Editors, Physicians of the oldest schools as well as new, give it their unqualified sanction, and recommend it for all cases of eruptions, and diseases of the scalp and brain; but all who have used it, unite in testifying that it will preserve the hair from being gray, and from falling to any age, as well as restore. Read the following: OAK GROVE, S. C., June 24th, 1859.

PROF. O. J. Wood—Dear Sir: Your Hair Restorative is rapidly gaining popularity in this community. I have had occasion to lay prejudice aside, and give your Hair Restorative a perfect test: During the year 1854, I was so unfortunate as to be thrown from my sulky against a rock near the roadside, from which THE PARTNERSHIP heretofore existing between Foyles | my head received a most terrible blow, causing a great deal A Galloway, is this day dissolved by mutual consent .- of irritation, which communicated to the brain and external finally destroyed over the entire surface of the head. From CHARLES M. GALLOWAY. the time I first discovered its dropping, however, up to the time of its total disappearance, I employed everything I could think of, being a professional man myself, and, as I thought, understanding the nature of the disease, but was finally de-

feated in every prescription advanced.

There and no other circumstances induced me to resort to your worthy Hair Restorative, which I have every reason to believe produced a very happy result. Two months after the first application, I had as beautiful a head of young hair as I ever saw, for which I certainly owe you my most sin-cere thanks. Rest assured, dear sir, I shall recommend your remedy to all inquirers; moreover, I shall use my influence, which I flatter myself to say, is not a little. You can publish this, if you think proper. Yours, very respectfully, M. J. WRIGHT, M. D.

Office of the Jeffersonian, Philippi, Va., Dec. 12th, 1858. Dear Sir: I feel it my duty, as well as my pleasure, to state to you the following circumstance, which you can use as you think proper. A gentleman of this place, (a lawyer,) has been bald ever since his youth; so much so, that he was compelled to wear a wig. He was induced to use a bottle of your "Hair Restorative," which he liked very much; and after using some two or three bottles his hair grew out quite luxuriantly, and he now has a handsome head of hair. The gentleman's name is Bradford, and as he is very well known in our adjoining counties, many persons can testify to the truth of this statement; I give it to you at the request of Mr. Bradford. You can sell a great deal of your Hair Re-

proper agents. Yours, &c., THOMPSON SURGHNOR. DR. Woop-Dear Sir : Permit me to express the obligations I am under for the entire restoration of my hair to its original color; about the time of my arrival in the United States it was rapidly becoming gray, but upon the applica-tion of your "Hair Restorative" it soon recovered its original hue. I consider your restorative as a very wonderful invention, quite efficacious as well as agreeable.

The Restorative is put up in bottles of three sizes, viz. large, medium, and small; the small holds is a pint, and retails for one dollar per bottle; the medium holds at least twenty per cent. more in proportion than the small, retails for two dollars per bottle; the large hoids a quart, 40 per cent. more in proportion, and retails for \$3 a bottle.
